## **ITALIANO**

Informazioni importanti. Leggere attentamente le istruzioni prima di iniziare l'installazione. Conserva queste informazioni per ulteriori consultazioni.

### **AVVERTENZA**

Verificare che gli oggetti, nella loro posizione definitiva, abbiano una configurazione stabile e che non ci siano rischi di ribaltamento. Se l'oggetto si ribalta può causare lesioni gravi o mortali.

Non permettere ai bambini di avvicinarsi durante la fase di montaggio, i componenti possono essere pericolosi. Evitare che i bambini si appendano o si arrampichino sugli oggetti.

Si consiglia di eseguire le operazioni di spostamento dei piani in VittEr® almeno in due persone.

Si consiglia di accertarsi che i pavimenti abbiano una consistenza adeguata a sostenere il peso degli oggetti.

Si consiglia di utilizzare dell'olio per far scorrere meglio le viti ed i bulloni al momento dell'inserimento.

## **ENGLISH**

Important information. Please read the instructions carefully before starting the installation. Keep this information for further reference.

### **WARNING**

Check that the objects, in their final position, have a stable configuration and that there is no risk of overturning. If the object falls, it can cause serious injuries or even the death.

Do not allow children to approach during assembly, the components can be dangerous. Do not allow children to hang or climb on objects.

It is recommended to move the VittEr® tops at least in two. It is advisable to make sure that the floors have a consistency that is adequate to support the weight of the objects. It is recommended to use oil to make the screws and bolts slide better when inserting.
